

BMW E9x M3 Radiator Fitting Note

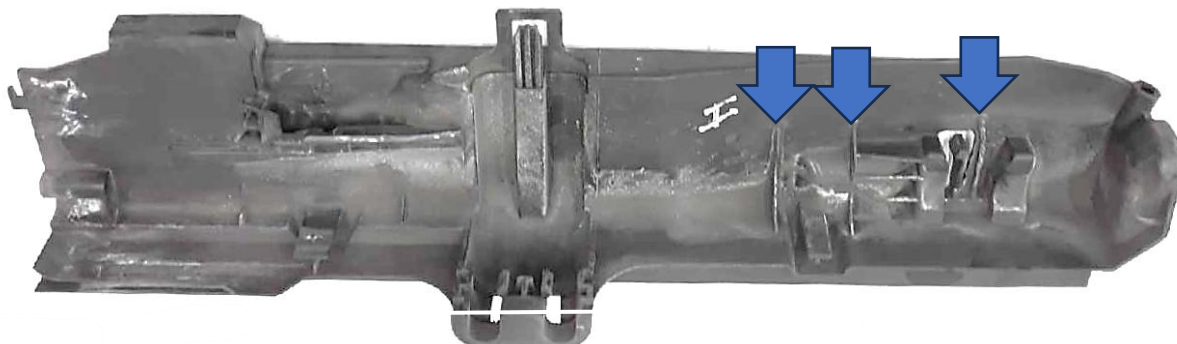

0 1 0 1 1 1

PLEASE THOROUGHLY READ THESE INSTRUCTIONS AND MAKE SURE YOU ARE FAMILIAR
WITH THE STEPS BEFORE CARRYING THEM OUT

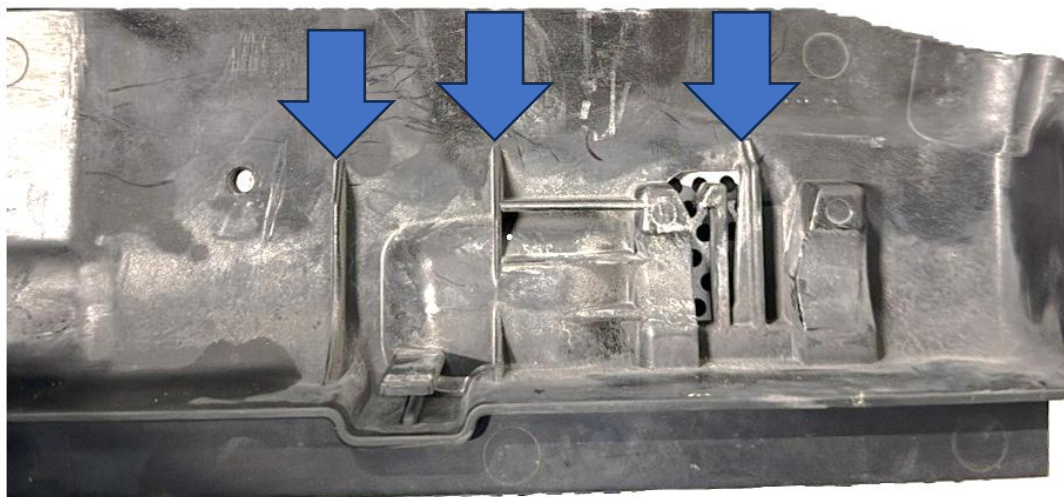

Fitting Note:

Once the original radiator has been removed, before fitting the new AIRTEC Motorsport radiator, the plastic mounting trim on the driver's side (on a right-hand drive car) needs to be very slightly trimmed of the three plastic fins to allow the larger radiator to fit.

Locate the three plastic fins on the driver's side radiator mounting trim

A close-up look of the three plastic fins on the driver's side radiator mounting trim

Once the three plastic fins are removed, it should look like this.
